Adolfo Colavito - Curriculum Vitae
Updated at: 23rd July 2024

Born:	11th June 1997
Status:	Bachelor's Degree Student
Languages:	Italian: Native, English : B2
Email:	adolfocolavito@hotmail.it
Website:	https://acolavito.netlify.app/

I am an enthusiast student at the Polytechnic of Bari, studying Computer Engineering following the studies in information systems. In these years of university, I have learned to approach the world of programming and teamwork for the presentation of projects. My expertise and know-how revolve around programming languages such as **Matlab, Java, JavaScript and SQL**. I've used the Matlab software to process data and signals by programming small scripts. Java was used via the IntelliJ development environment, where I learned the ropes of object-oriented programming and the creation of small programs for implementing data structures. As far as SQL is concerned, it was used during the Databases course using the **Oracle APEX** platform and in particular the "**SQL Workspace**" section, where I was able to appreciate the fundamentals of database structure and various ways to query and process data from a dataset. Actually, I'm approaching the world of web development by learning the rudiments of **HTML, CSS and JavaScript** using **Node, Express, MongoDB and React** technologies. My reference IDEs are Visual Studio and IntelliJ. When I'm not studying, I provide private lessons for high school students. I've also worked occasionally as a waiter. Both of these experiences, although small, improved time management, teamwork and working toward goals.

Education

2021 - Current	**Bachelor Degree in Computer and Automation engineering - curriculum: Computer and Sistems Applications** *Polytechnic university of Bari*	📍 *Bari, Italy*
2011 - 2016	**High School Diploma Liceo Classico** *LCS Socrate*	📍 *Bari, Italy*

Development Skills

Softwares	OS: Windows, Linux (Ubuntu), MacOS Database: MySQL, MongoDB Office: LaTeX, Microsoft Office, Libreoffice
Programming	Java, HTML, CSS, Javascript
Framework	Express, React

Seminars and conferences

| 2023 | **DevFest Bari 2023, Partecipant**
Organized by Google Development Group, Polythecnic of Bari | 📍 *Bari, Italy* |

| 2023 | **PRIMO Workshop 2023, Partecipant**
Organized by University of Bari Aldo Moro, MIDAS Research Group | 📍 *Bari, Italy* |

Personal Interests

Sport   Gym workout, running

Free time   Chess, playing guitar

Other   Traveling, cinema
